 - iii. Financing category that presents income and expenses from financing liabilities.
- (b) Entities are required to present two new specified subtotals: 'Operating profit or loss' and 'Profit or loss before financing and income taxes'.
- (ii) Management-defined performance measures are disclosed in a single note and reconciled to the most similar specified subtotal in MFRS Accounting Standards.

18. CURRENT YEAR REVIEW

For the current financial period under review, the Group recorded a 46.5% increase in revenue and a 129.6% increase in profit before taxation compared with the corresponding period in the preceding year. The improved performance was primarily attributable to higher transactional volumes and contributions from newly secured projects within the BPO segments.

The Group's newly secured Gov-Tech projects are currently at various stages of implementation and onboarding, with certain projects expected to progressively contribute to revenue beginning in the fourth quarter of the current financial year.

As previously announced, the Group continues to evaluate several shortlisted opportunities within the Gov-Tech segment. Subject to successful award, contract finalisation and implementation timelines, these projects are expected to contribute to the Group's financial performance in the financial year ending 30 June 2027.

For the nine-month financial period ended 31 March 2026, the Group's profit before taxation exceeded the full financial year profit before taxation recorded for the financial year ended 30 June 2025 by 83.9%, reflecting the stronger operational performance achieved during the current financial year.

Management remains confident on the Group's performance for the remaining quarter of the financial year, supported by the current operational momentum, existing project pipeline and ongoing execution of recently secured projects, while remaining mindful of prevailing market conditions, customer implementation timelines and operational execution risks.
